BLACKSBURG VICTORIOUS.

The Alleghany Institute baseball team returned last night from Blacksburg after playing a very interesting game with the Polytechnic Institute team. There was a large crowd out to see the game and it was very interesting until the sixth inning, the score standing 3 to 2 in Alleghany's favor. At this juncture Pitcher Withers had the misfortune to have his hand injured and Ballentine was called to the box. After this the Blacksburg boys had easy sailing and made six runs, the Alleghany boys only making one run. The game stood 8 to 4 in favor of the Poly's. The pitching of Withers and Stark were the features of the game. The boys say that Stark can put them in so swift that they couldn't see them. There will be another game between these clubs on the 24th at this place.

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhoea Remedy, or has done more to relieve pain and suffering. J. H. Vaughn, of Oakton, Ky., says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomach and bowels.
